1. DEFINITIONS

1.1 The terms used in this Code of Conduct shall be as defined in the Constitution of the Kelderhof Country Village Owners' Association.

2. PREAMBLE

2.1 The purpose of this Code of Conduct is to ensure integration between residential living and control over building activities within the Estate with minimal impact to the environment. These terms and conditions of the Code of Conduct have been developed in terms of the best standard practice currently in place to achieve this goal. The Association reserves the right to make amendments and additions to this document from time to time.

2.2 Members are bound by this Code of Conduct by virtue of their membership of the Association.

2.3 A contractor shall not be permitted to commence work on the Estate until such time as the Member has furnished the Association with a copy of the Builder's Code of Conduct, duly signed by the relevant contractor. Upon such signature, the Builders' Code of Conduct shall constitute a binding agreement between the Association, the relevant contractor and the Member.

2.4 Copies of the following required pre-construction documentation to be issued to the Association before work can commence

- 2.4.1 Council Approved Plan
- 2.4.2 NHBRC enrolment certificate
- 2.4.3 Proof of payment for all pre-construction fees

3. QUALIFICATION AND CONTRACTORS

3.1 Only contractors who are registered and fully paid-up members of the NHBRC and who can furnish at least 3 (three) references of prior building contracts will be allowed to build at the Estate.

3.2 An owner builder who qualifies under 3.1 will be allowed to construct his own home.

3.3 Contractors are at all times responsible for their sub-contractors and employees while on the Estate.

4. RULES AND REGULATIONS

4.1 The rules and regulations described below are intended to ensure that the quality of life for residents in the Estate is not unduly compromised and the impact to the environment is minimized by the house building operations, yet allowing for efficient construction by contractors.

4.2 When a contractor is found to be in breach of the stated rules and regulations a penalty will be levied. The extent of the penalty is detailed below the description of each rule and regulation.

4.3 Environmental controls

The contractor acknowledges that he is working in an environmentally sensitive development and agrees to conform to all environmental controls specified in this document and revised from time to time.

4.3.1 Environmental Education

Builder Initial Erf No

4.3.1.1 All contractor and sub-contractor personnel will be required to be briefed on the Builders' Code of Conduct. The main contractor must do these briefings before his staff will be allowed to work on the Estate.

4.3.1.2 Breach

Personnel who have not been briefed will not be allowed on the Estate.

4.3.2 Limits of building activity

4.3.2.1

All activities relating to the house construction must be confined to within the erf boundary where construction is taking place. However, if permission is obtained from the owner of the adjoining vacant erf, the site may be used for storage. Boundary walls should be constructed in the first phase of building and any gap or opening must be closed with danger tape or any method prescribed by the Owners' Association from time to time. It is the responsibility of the contractor to ensure that his personnel do not leave the confinements of the erf.

4.3.2.2 Breach

(i) Work by the contractor will be stopped by the Association until such time as the contractor's equipment has been moved to within the building site.

(ii) The contractor will be fined R500 per transgression.

rubble and/or sand. No material or building rubble shall be spoiled on the estate.

4.3.4.2 Breach

Should a builder fail to comply with the removal of building rubble and litter within the specified timeframe, the rubble will be removed by an outside contractor. The costs thereof shall be paid by the Association and deducted from the Builder's Deposit. The contractor will be denied access to the Estate until such costs have been paid in full. In addition to this the contractor will be fined R1000 per offence.

4.3.5 Cleaning of vehicles / equipment

4.3.5.1 The washing of contractor's vehicles and equipment is not to be allowed on the Estate and must be carried out elsewhere.

4.3.5.2 Breach

The building contractor will be fined R500 per offence.

4.3.6 Fires

4.3.6.1 No fires will be allowed on any part of the Estate including the building site. The contractor is to provide fully operational fire extinguishers which are to be on site at all times.

4.3.6.2 Breach

The building contractor will be fined R1000 per offence.

The building contractor will in addition be held legally and financially responsible for any damage caused by the breach of this regulation.

4.3.7 Smoking & Liquor

4.3.7.1 No smoking will be permitted on the estate except within a five-metre radius of a portable fire extinguisher. No liquor or consumption thereof will be allowed on site at any time.

4.3.7.2 Breach

The contractor will be fined R100 per offence.

4.3.8 Ablution facilities

4.3.8.1 The contractor shall provide temporary water-born or chemical toilets situated on the building site for the use of their employees for the duration of the construction period. The toilet must be situated as discreetly as possible, kept level and the door should be fastened at all times.

Builder	Initial	Erf No	

owner of that erf. The position of such structures must be indicated on the site diagram, which must be approved by the Association in terms of item 4.9.1.1. (iii) below.

4.7.1.2 Breach

The contractor will be instructed to remove any structures that do not conform to this regulation and will be fined R250 per day until he complies.

4.8 Speed Limit

4.8.1.1 For security and safety reasons the speed limit on the Estate for all contractors' vehicles is 30kmh. The contractor shall ensure that his employees, subcontractors and delivery vehicles adhere to this rule.

4.8.1.2 Breach

The contractor will be fined an amount of R500 per transgression. Continuous non-compliance will result in the contractor being expelled from the site.

4.9 Building Plan Controls

- (i) The building contractor must ensure that the signed approved building plan is available at all times for inspection by the Association's representative.
- (ii) Any variations to the approved building plan must be submitted to the Association for signed approval and may only be implemented once the approved variation is available to the contractor.
- (iii) Once slab height is reached, the contractor must provide the Association with a land-surveyor's certificate confirming the height of the building.
- (iv) The building contractor must provide an occupation certificate before occupation of the house in question.
- (v) The Completion Certificate may be completed thereafter and certifies that the construction of the house complies with the approved plan of the house on the affected property, as adequately assessed by the Kelderhof Design Review Committee. When this has been satisfactorily completed, the builders deposit less any amount due can be repaid.

4.9.1.1 Breach

- (i) The contractor will be fined R250 for not having a signed and approved building plan available.

Builder	Initial	Erf No	

- (ii) The contractor will be required to remove and/or rectify any structures and/or architectural elements that do not conform to the approved plans.
- (iii) Occupation of the house in question will be denied until the Occupation certificate has been received by the HOA. A fine of R2,000 per week will be levied on the builder if early occupation is taken up.
- (iv) The contractor will be fined R 1,000 per week for not providing the land-surveyor's certificate as set out in clause 4.9.(iii) and will be denied access to the Estate until the certificate is provided.

4.10 General Controls

4.10.1.1 One representative of each building contractor is expected to attend a monthly meeting at a place designated by the Estate Management to discuss general issues relating to work on the estate.

4.10.1.2 Breach

The contractor will be fined an amount of R500 for not attending the site co-ordination meetings.

4.11 Roads and Road Verges

- (i) Contractors must ensure that the road in front of their building site at all times swept clean. This is to minimize damage and ensure longevity of the brick road surface.
- (ii) Contractors must ensure that the kerbs and sidewalks in front of their building site are adequately protected from damage by the building operations.
- (iii) The Contractor shall ensure that all building materials are stored on the building stand. Special permission may be obtained from Association to neatly store some material on the road verge directly in front of the building site.

4.11.1.1 Breach

- (i) The contractor will be fined R250 per offence for un-swept roads.
- (ii) The contractor will be held financially and legally responsible for the damage to road surfaces and kerbs caused through his building operations.

4.12 Signage and advertising

- (i) The contractor will be provided with a builder's board supplied by the Estate. NO other advertising boards are permitted anywhere else on the estate.
- (ii) The contractor must erect the board in a position indicated by the Estate Management for the duration of the construction period.

Builder	Initial	Erf No	

Should the approved builder's board be damaged or lost during the construction period, the contractor shall be liable to replace the board.

- (iii) Builder's boards must be removed no later than one month after the construction has been completed.
