

# Recommended street verge plant list

The plant species listed below fulfil the selection criteria: being largely water wise, indigenous and aesthetically appropriate for the Kelderhof Estate. Certain non-invasive exotic plant species are included, as these may be used (were necessary) to compliment the rural character of the estate.

Botanical name	Common name
<b>Trees</b>	
See Street Tree Plan	
<b>Shrubs and Ground covers</b>	
Agapanthus spp	Lily of the Nile
Aloe spp	Aloe
Anisodonteia spp	African mallow
